## WORK OF THE FLAMES.

The Village of Depere Laid in Ashes Sunday Morning.

A Drunken Brawl in a Barn the Prelude to the Conflagration.

Sixty Buildings, Including Thirty-Two Business Places Destroyed.

The Town of Lake City, Minnesota, Destroyed By Fire.

Seventy-Five Places of Business Wiped Out By the Fire Fiend.

The Loss is Estimated at Four Hundred Thousand Dollars.

Other Interesting State and Miscellaneous News Items.

## MOB HANGING.

Special to the Gazette.

GREENSBURG, Ind., April 24.—O. M. Garnett, paramour of Mrs. Walton, was hanged by a mob last night, for murdering John M. Walton. It is feared that Mrs. Walton and the negro accomplice, Froger will share the same fate.

## BLAINE.

Special to the Gazette.

WASHINGTON, April 24.—Blaine was on the stand before the committee, and denied generally all of Shipper's statements. He pronounced him a liar and a perjurer, and produced documentary evidence to prove the falsity of Shipper's statements. He said the "go in Steve" dispatch was never sent and never thought of.

## DEPERE'S DESOLATION.

The Village Laid in Ashes—A Drunken Brawl in a Barn the Prelude to the Conflagration.

GREEN BAY, April 23.—A disastrous fire swept a large portion of the principal business street of the village of Depere (six miles from this city) early this morning. The fire broke out about 2 o'clock. The flames were first discovered in a little barn in the rear of a saloon occupied by J. Minnich. This building is on the east side of Broadway, the third south from the corner of George street.

The fire quickly communicated with the Carriek building on the north, beating back against the wind to the corner and firing the Weyenberg building on the south, at the same time crossing the street and communicating with the Lintner butcher shop and thence, driven by a strong northeast wind, it swept both sides of Broadway south to Charles street. There it consumed several buildings in the block beyond the latter street.

The only building left standing in the entire area indicated, is the Commercial hotel, near the river bank, west of Broadway.

Among the buildings destroyed were a few good ones, but the larger number were old wooden ones. The rear of all the buildings was filled with sheds and outbuildings standing thickly. The fire, when once started made rapid headway, and the rate at which it traversed is almost incredible. Building after building succumbed rapidly, leaving little time to remove effects.

One life was lost, that of Jonas Lineers, a Hollander, single, aged about 40. He was in the saloon kept by A. Boeyslins, and in a drunken stupor. He was half carried out and put in a position where he could escape, but it is supposed that though in a half-dazed condition he wandered back and was overtaken by the flames and perished. His remains were found burned beyond recognition and the head was severed from the body. Sixty buildings in all burned, thirty-two of them business fronts.

The stable had been used by farmers staying in town over night as a place to stable horses, and on last evening there were a number of farmers in the stable smoking and drinking.

A good deal of whiskey had been consumed during the evening, and the men became quite hilarious. In this way it was not difficult to communicate the fire to the hay in the barn, which was done. Soon the whole interior of the barn was a mass of flames.

## Given up by Doctors.

"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"

"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters; and only ten days ago his doctors gave him up and said he must die."

"Well-day! That is remarkable! I will go this day and get some of my poor George—I know hops are good."

MILWAUKEE EXPOSITION.

WASHINGTON, April 22.—Senators Cameron and Sawyer, Postmaster General Howe, Representative Casswell and Postmaster Payne, called upon President Arthur this afternoon and presented to His Excellency a letter from Manager Torrey and added their personal solicitation for Mr. Arthur to attend the Milwaukee Industrial Exposition at its opening in September next. The President thanked them for the kind invitation, but said it was too early to make any definite promises. He would say, however, that if his duties would permit he would be very

glad to accept the invitation. In the course of the interview, which lasted some time, the impression left upon the minds of the Wisconsin delegation was that the President would certainly attend if it be possible.

## Trouble saved.

It is a remarkable fact that Thomas' Electric Oil is as good for internal use. For diseases of the lungs and throat, and for rheumatism, neuralgia, crick in the back, wounds, and sores, it is the best known remedy, and much trouble is saved by having it always on hand.

## ANTI-IRISH PETITIONS.

WASHINGTON, April 22.—Representative Williams has received the second of the anti-Irish petitions from Milwaukee, a copy of which was telegraphed the Sentinel Sunday night. The matter begins to assume a serious aspect, and the committee on foreign affairs begin to think they are expected to do something. It need not be expected that anything will be done in the premises. There is no member of the committee with hardihood enough to prepare and introduce a bill to prohibit Irish immigration and deny to the courts their present power to naturalize Irishmen. In this connection it may be said that Congressman Williams is about to perpetrate a rough joke on Mr. Deuster. When the petitions reach the Committee on Foreign Affairs Mr. Williams will refer them to Mr. Deuster as the chairman of the Committee. Mr. Deuster will find himself in a predicament. The petitions are his constituents, and he will either have to deny them what they have respectfully petitioned for or be compelled to report a bill prohibiting or restricting Irish immigration.

## Visible Improvement.

Mr. Noah Bates, Elmira, N. Y., writes: "About four years ago I had an attack of bilious fever, and never fully recovered. My digestive organs were weakened and I would be completely prostrated for days. After using two bottles of your Burdock Blood Bitters the improvement was so visible that I was astonished. I can now, though 61 years of age, do a fair and reasonable day's work." Price \$1.00.

## ASHES AND RUIN.

Lake City in Ashes—Loss Nearly \$400,000—No Less Than Seventy-Five Places of Business Named in the First List.

LAKE CITY, Minn., April 22.—At about 2 o'clock this morning a fire broke out in what is known as Pap Neal's hotel, on "the point," and soon it was certain that the business portion of the town was doomed. The wind was blowing strong from the east across the lake, and the draft created by the fire soon produced a perfect hurricane of flames, before which two-thirds of the business portion of the town succumbed. The flames destroyed five solid squares of business buildings, leaving only three rows of buildings standing in the business portion of the town. The loss is roughly put at \$400,000, and the insurance at \$150,000. The fire started at a little before 2 o'clock, and in less than an hour, the worst had been done. The flames leaped from building to building, across streets and over open lots, like the water pours over Niagara.

The fire department worked nobly, but no human power could arrest the progress of the fire. The Red Wing engine came down on a special train, but arrived too late to be of much practical benefit. C. E. Finch's store was saved, but above that on both sides of Washington street for one block, and on the West side of the street up to and including the Lake City Bank, everything was cleared; also everything on Centre street to Main street. Young's block, in which was the Masonic Hall, the Commercial hotel, and the Hersey building were swept away.

The fire was stayed by an open space between Main and High streets, thus saving everything in that direction to the depot, a perfect swath of which must have inevitably gone.

The number of firms burnt out is about 77. Although many of the burned buildings were occupied by the families, not a life was lost, and no cases of serious accidents have been reported.

The total of losses so far reported is about \$350,000, with an insurance of \$190,000.

## It is Worth Remembering

that nobody enjoys the nicest surroundings if in bad health. There are miserable people about to-day with one foot in the grave, when a bottle of Parker's Ginger Tonic would do them more good than all the doctors and medicines they have ever tried. See adv.

## THE TORNADO'S TRACK.

NEW ORLEANS, April 23.—A tornado this afternoon swept off the Jackson railroad bridge between Summit and Bogie Chet, prostrating telegraph poles on both sides of the track for a mile and uprooting trees.

The Times Democrat's special says Monticello, twenty miles east of Brookhaven, was completely demolished, only three houses in the entire place being left. They were dwelling-houses. Nothing like it was ever seen in this section. Ten persons were killed instantly (five whites and five colored). The names of the whites are: H. Wethersby, Chancery Clerk; Allen Sharp, Mrs. Cannon and baby, and the Rev. S. W. Dale. Out of a population of about 150 very few escaped without some injury. Between fifteen and twenty were seriously injured, some fatally. Ex-Sheriff Butler was painfully injured, Jake Myer had a collar-bone broken, and was injured about the face; Charley Cohn had a leg broken. The store of Cohn, after being blown down, was struck by lightning and burned.

## 95 YEARS.

WATERLOO, April 23.—Mrs. Monahed Reynolds, relict of the late Barney Reynolds, and one of the oldest persons in this part of the State, died last night aged 95 years. Deceased was a native of Maryland, and among her earliest recollections was that of her seeing Washington when he was present. Her late husband was present at the battle of New Orleans.

## To persons about to marry.

Jerrold's advice was "don't; we supplement by saying, without laying in a supply of SPRING Blossom, which cure albumuria and other kidney and bladder complaints. Price 50 cents, trial bottles 10 cents.

For sale by A. J. Roberts and Sherer & Co.

## INGERSOLL ON TALMAGE.

NEW YORK, April 23.—The Academy of Music was filled this afternoon, upon the occasion of Colonel Robert G. Ingersoll's lecture on "Talmagian Theology." A glance over the house revealed the presence of many well-known men in the professional world. The "late Rev." George C. Miln, of Chicago, sat in one of the boxes. The lecture covered considerable ground and lasted for over two hours.

## Sub It Is.

Jacob Loecman, 274 Clinton street, Buffalo, N. Y., says he has been using Thomas' Electric Oil for rheumatism. He had such a lame back that he could do nothing; but one bottle entirely cured him.

Sold by A. J. Roberts and Sherer & Co.

## THE CROPS.

MILWAUKEE, Wis., April 23.—A special from LaCrosse to the Daily Republican says concerning the crop prospects: "In reply to numerous inquiries sent out by parties in this city to all counties in Southern Minnesota, Eastern Dakota, and Northern Iowa, covering a tract of country 100 miles in width and extending 400 miles west of the Mississippi the following is learned regarding prospects for the wheat crop, etc.: Owing to the heavy fall of rains the amount of plowing is over 20 per cent. of that done in the fall. The spring has been very backward and the amount of spring plowing very small as compared with former years, and the condition of the ground is now very bad for farmwork. But very few points report where seeding has been attempted and that only on ridges or high ground. The amount of acreage sown to wheat will be much less than former years. The bad crops of the past four years have forced the farmers to try their hands at something else. But little if any wheat remains in the farmers' hands, and none of that is milling wheat. No wheat is reported in the warehouses along the different routes in the Territory reported from. In western Wisconsin more plowing has been done, but the ground is very wet, and it will take several days of continued fine weather before seeding can be done. Considerable more wheat was sown in this section of Wisconsin than before.

For chills, fever, ague, and weakness, Golden's Liebig's Liquid Beef and Tonic Invigorator. Golden's, Taken either, Of Druggists.

## MARRIED.

TURNER-ROBERTS.—At the residence of the officiating clergyman, in Janesville, Wis., April 22, 1882, by Rev. O. W. Lawrence, M. A. (Rev. W. Turner, of Green Vale, Iowa, and Miss ALICE ROBERTS, of Magnolia, Rock County, Wis.

## COMMERCIAL NEWS.

JANESVILLE MARKETS
